

Met Council Grant Money- Private Sewer Service Repairs (Effective October 1, 2008)

Effective October 1, 2008, the Metropolitan Council will grant money to help pay for any repair, rehabilitation, or replacement work completed on private sewer services. Please note the following about the Met Council Grant Program:

- ***Amount of money granted for each case will not exceed 50% of eligible costs.***
- ***Maximum for each grant is \$2,000 (for a \$4,000 minimum repair cost).***
- ***To qualify repair work has to have occurred on or after October 1, 2008.***
- ***Money will be granted on a first come first serve basis until 2011, or until the original funding of \$700,000 is exhausted, which ever comes first.***
- ***Within 60-days after the end of each month the Met Council will pay all eligible claims for grants. Payments will be made to the City of Saint Paul first who will then disperse payments to each eligible claim (as required by the Met Council).***

How Do I Apply ?

Please mail or fax the following information to the Saint Paul Sewer Utility:

- **A copy of all Contractor Invoices describing the Costs and Scope of Work related to the Sewer Service Repair Work completed.** In each case repair costs submitted must be actual, reasonable, and verifiable.
- **A copy of the Sewer Utility Permit obtained by the Contractor.**
